STAND BY FOR ACTION!

We hope these montages don't cause offence, as they are intended as an affectionate tribute to our heroes and heroines. All original photos of the characters and vehicles taken from 'Captain Scarlet and the Mysterons' © belong to the companies who own the series.

Some pictures and backgrounds used to help create the montages were taken from various sources on the 'net, and used without permission. The marvellous spectrum dots background used throughout is a wallpaper from a site called traemcneely.com The title of course, is from the opening sequences of Stingray, voiced by Commander Sam Shore. We hope he doesn't mind Spectrum (and SHQ) borrowing it – again! This has been done purely in a spirit of fun and for the enjoyment of the fans of Captain Scarlet. Not a cent has been made from it.

We hope Gerry (if he's looking down) and Sylvia Anderson, look kindly on our efforts to celebrate their wonderful creations. Thank you for your creative visions that continue to inspire the fans.
