

SPECTRUM Is GOLD!

A 50th anniversary 'Captain Scarlet and the Mysterons'
special edition 16-month calendar for 2017-2018

© SHQ PUBLISHING

FOREWORD FROM COLONEL WHITE

It is with great pleasure that I present this year's calendar. As you all know, this year marks a very special anniversary, and so, for this occasion, it seemed fitting to start this special edition from September, treating you to four additional pages.

If some of the pictures portrayed within the following pages look familiar, it's because they offer a behind-the-scenes look at some of the series' episodes, as well as glimpses into the past and present of the Spectrum personnel.

I hope you enjoy this unique window into the universe of the elite force who has been protecting Earth from the Mysterons for so many years.

ACKNOWLEDGEMENTS

'Captain Scarlet and the Mysterons' debuted 50 years ago,
on September 29, 1967.

Since then, it has delighted many generations of fans, all over the planet.

This unofficial calendar has been done purely in a spirit of fun
and for the enjoyment of the fans.

It is intended as an affectionate tribute to the TV series.
No money has been made from it.

Here's to another 50 years!
