Spectrum's Finest - Rendered in Watercolour!

A Captain Scarlet Calendar for 2024

Foreword From Colonel White - Commander in Chief of Spectrum

Once again, against my better judgement, I have allowed the Powers That Be to convince me to be involved in the creation of another annual calendar, featuring my field agents and Angel pilots.

It transpires that the World President's daughter is a budding watercolourist, and under duress and with the strictest security protocols in place, I allowed her to visit Cloudbase in order to complete the necessary sketches of my staff and myself.

In the final paintings, the Angels' flight uniforms have been miraculously transformed into dresses, although no such alchemy was performed on those of the male cohort. I suppose that is what's called 'artistic licence'.

I sincerely hope that the exercise was worth the time and effort and perhaps now we can be left to do our jobs, of keeping Earth safe from the Mysterons. I wish everyone a safe and healthy 2024.
